

Learning objective: To find out about apartheid and the work three people did to stop it

Which anti-apartheid heroes survive? You decide

Your task (20 minutes):

In your groups you need to prepare a presentation to persuade the rest of the class that your hero deserves to stay in the hot-air balloon and survive. The presentation needs to include:

- **Some general information about your hero**
 - **What they did to stop apartheid**
- **Reasons why your hero might be more worthy than the others**

Make sure that everyone in your group is doing something. Some people might prepare a poster, while others think about how to present your information. I want to see EVERYONE involved!

Homework: Due for Thursday 5th Feb

Write me a short essay (1 side of A4 max) telling me about your favourite anti-Apartheid hero.

- Who were they?
- What did they do?
- What did you like about them?
- Why?
- Did their religious ideas make a difference?

To do really well try to explain *why* you chose your favourite over the others. Try to persuade me that you are right!
